

Open Archive policies of major journals and publishers (As of March 2024)

Article versions		
Before peer review Pre-Print / Pre-referring (Author's manuscript)	This is generally defined as the submission version, though every version of 'before peer review' or publication is included.	
After peer review Postprint / Post-referring Final draft post referring (final version / final draft)	Every version after peer review. Sometime it is	(a)Peer-reviewed but not checked by the editor.
		(b)Peer-reviewed and checked by the editor.
		Some journals only permit open access to (a).
Version of Record Publisher's version	Published layout version. This version is often unavailable to repositories.	

Consortium (package)	Version (PDF)	Repository Acceptance/ Embargo period / conditions	URL

	Final draft post referring	Depends on each journals	
	Publisher's version		
Springer-LINK	Pre-print	Yes/ without Embargo (require specifying a link to the publisher version with DOI.)	https://www.springer.com/gp/open-access/publication-policies/self-archiving-policy
	Final draft post referring	Yes/6 month to 12 month embargo (require specifying a link to the publisher version with DOI.)	
	Publisher's version	Only OA theses are acceptable (require specifying a link to the publisher version with DOI.)	
Wiley	Pre-print	Yes/without Embargo	https://authorservices.wiley.com/author-resources/Journal-Authors/licensing/self-archiving.html
	Final draft post referring	Yes/12 month to 24 month embargo	
	Publisher's version		

※1 These are the publisher's default policies. Individual journals may give special permission, especially if they involve other organisations or have paid open access options.

※2 Detailed information is concerning the terms and conditions between publisher and author. Publisher's versions are often unavailable for repository.
