

## AIP への Shibboleth 認証ログイン方法

How to access AIP with Shibboleth Authentication.

2020.3 現在

トップページ左上の **SIGN IN / REGISTER** からは Shibboleth 認証画面は表示されません。契約外のタイトルや、学外からアクセスしている場合など、認証が必要になると Shibboleth 認証画面が出ます。

まず、アクセスしたい論文を検索し、本文へのリンクがあるページに移動してください。

Shibboleth authentication for AIP is not shown from **SIGN IN/REGISTER** in the top page; however, the authentication is required when you do not have the access right, for example, in the case of accessing AIP from off-campus or searching titles which are not subscribed by NAIST.

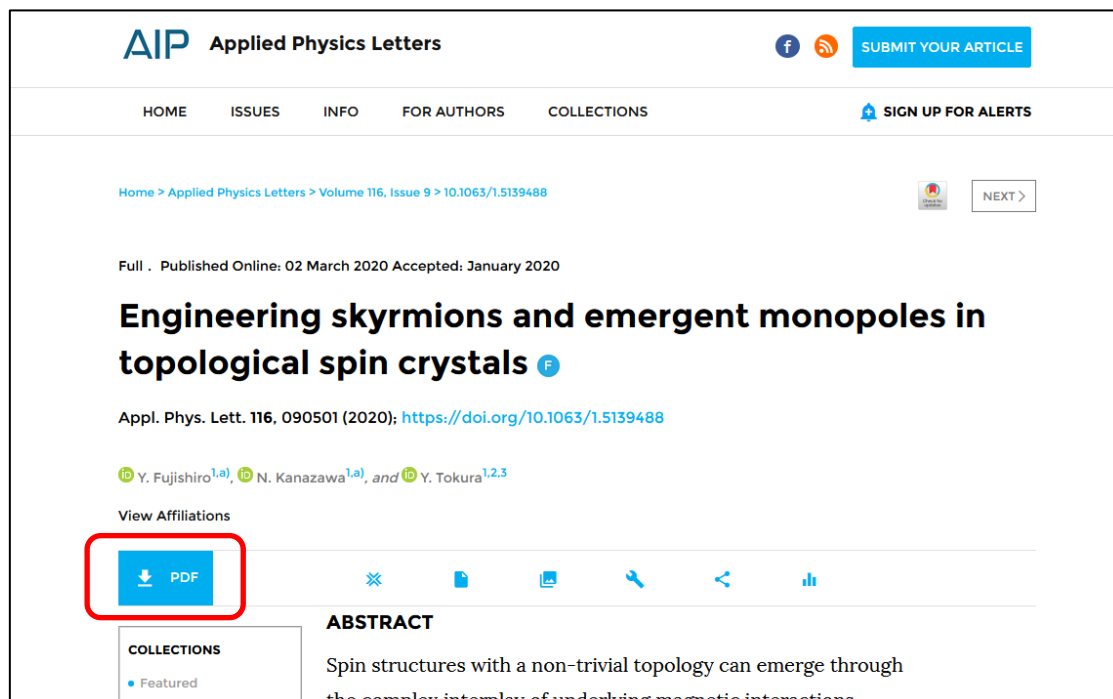

Please start to search articles first, and then move to the link for the articles.

例：学外からアクセスしている場合

In case: Using off campus network

Click PDF button.

The screenshot shows the article page for "Engineering skyrmions and emergent monopoles in topological spin crystals" on the Applied Physics Letters website. The page includes a navigation menu, a breadcrumb trail, and a "PDF" button highlighted with a red box. The abstract text is partially visible at the bottom.

**ABSTRACT**

Spin structures with a non-trivial topology can emerge through the complex interplay of underlying magnetic interactions.

Login to your Mandara Account, push "Accept" button.

The image shows the login page for Nara Institute of Science and Technology (NAIST). At the top is the NAIST logo, which consists of three stylized mountain peaks in red, green, and blue, with the text "Nara Institute of Science and Technology" and "NAIST" below it. Below the logo, the text "奈良先端科学技術大学院大学" and "Nara Institute of Science and Technology" is displayed. Underneath, it says "ログインサービス: Atypon SP". There are two input fields: "ユーザ名" (Username) and "パスワード" (Password). Below these fields are two checkboxes: "ログインを記憶しません。" (Do not remember login) and "このサービスへの属性送信の同意を取り消します。" (Withdraw consent for attribute transmission to this service). At the bottom is a red "Login" button.
